

INSTRUCTIONS & TIPS

FOR EDITING PDFs USING CORJL

CORJL is an online tool that allows you to personalize your digital items right after purchasing. **No extra software needed!**

[PNG files will NOT be editable! Print a PNG if you would rather just write on your item.]

OPEN YOUR FILES

- Follow the instructions in your order receipt sent to your email to access your order via Corjl.com
- Or go directly to Corjl.com to access your purchase with your order number

OPEN & EDIT THE TEXT

- Change text by double clicking on a text box.
- If you find you need further customizing or have questions, please contact me.
- Graphics, fonts and colors are NOT editable.
- All fonts are embedded/included.
- If there is not option to edit when you click on the text, this text is not editable on this item.

SAVE & DOWNLOAD

- After editing your item, click on the Save Changes button on the far left of the page.
- If you see a red star next to the title of the design, it means that there are changes that have not been saved before you download.
- Please note: There may be a limitations to the number of downloads you may do per item. This will be detailed in the listing.

PRINTING & USING

- Printing at home: Open your file from your download folder and print!
- Upload to your favorite print shop.
- If applicable, frame your print in a document sized frame & use a dry erase marker
- Use fun reward stickers as an incentive!
- Laminate & use a dry erase marker for day to day use. Easy!
- Print on full sheet magnetic paper to hang on the fridge.

NOTES & TIPS:

- If you are personalizing an item on a mobile device, you are limited to only replacing the text and replacing images (where applicable per item). You will need to use a desktop or laptop computer to access additional features.
- Google Chrome is the recommended browser for using Corjl. Not all features may be available or show in other browsers.
- There will be extensive instructions on the Corjl site if you need further help.
- If you are printing at a photo printing service, save your item as a PNG or JPG. PDFs cannot be uploaded to most photo printers.
- Monitors, paper type, and printers may reveal color slightly different than on screen. Please keep this in mind if you are trying to match a color.
- Fonts, colors, graphics, size MAY not be editable. Only the editable items as described per the item's detailed listing.
- The CreativiDee Workshop retains all rights and copyright. You may NOT copy, forward, sell, mass produce or share these files/finished product or any portion of these files/finished product.
